THE QUALIFIED RISK DIRECTOR[®] DESIGNATION

The Qualified Risk Director[®] is a professional designation conferred exclusively by the DCRO Institute. It recognizes the distinguished ability to link corporate strategy to the positive governance of risk-takingSM. We grant permission to use the designation to experienced board members and senior executives from diverse industries, experiences, and geographies who successfully complete an extensive evaluation.

We evaluate your business experience, risk management and risk governance acumen, demonstrated leadership, and educational background. Candidates must have breadth and depth across all four areas to receive approval.

How to become a Qualified Risk Director[®]

- ✓ Complete the Qualified Risk Director[®] Self-Assessment
- ✓ Choose your validation pathway
 1. The Board Members' Course on Risk[®], or
 2. An Evaluation Exam, plus any required courses
- ✓ Provide references and any requested information
- ✓ Serve with integrity

SPECIALIZATION COURSES

More and more board members are being called upon to have specialized knowledge, not just in risk but in key areas like Innovation, Cyber, Technology, Geopolitics, and more. Our specialization courses go in-depth on these subjects while keeping them non-technical and relevant to board strategic discussions. You'll enhance your standing and effectiveness with this knowledge.

INNOVATION: ESSENTIAL RISK-TAKING, CORPORATE RENEWAL, AND THE ROLE OF THE BOARD

Graduates receive Certificate of Completion

This course gives board members and executives practical insight from leading board members, chief innovation officers, venture investors, cutting-edge technologists, and more on innovation and value creation to establish and enhance the innovation culture at any organization.
